8) The post of Additional Secy was created mainly to relieve the Chief Secy of certain work attended to by the Joint Secy as the work had increased enormously. (Vide paras 1, 2 and 3 in the file placed below)

Though certain items of work have been transferred to the Addl Secy, the work of the Chief Secy has increased in other directions e.g. the work relating to the declaration of dates of births of officers, though it was little in the beginning has developed to such an extent that it occupies a good deal of the attention and time of the Chief Secy. Same is the case with regard to the work relating to the declaration of immovable properties of Gazetted officers. These two items of works have not been finalised and will perhaps some more time to be completed. under the circumstances it may perhaps not be possible to retransfer any work to Chief Secy.
